to help in growing your knowledge of the science that is psychology.

~~Psychology – Welcome to Mr. Bextermueller's Classroom~~

Thus, social psychology studies individuals in a social context and how situational variables interact to influence behavior. In this chapter, we discuss the intrapersonal processes of self-presentation, cognitive dissonance and attitude change, and the interpersonal processes of conformity and obedience, aggression and altruism, and, finally, love and attraction.

Chapter 18: Social Psychology Perhaps one of the most interesting and important chapters of the whole book, considering how much influence it has on the AP test. This chapter is all about how we work with other people and how we blend into crowds or succumb to peer pressure for the good of the group.
