Yali's Question is the story of a remarkable physical and social creation—Ramu Sugar Limited (RSL), a sugar plantation created in a remote part of

Where To Download

Papua New Guinea.

As an embodiment
of imported
industrial

production, RSL's
smoke-belching,
steam-shrieking
factory and vast
fields of carefully
tended sugar cane
contrast sharply
with the
surrounding
grassland. RSL not

Where To Download

only dominates the landscape, but also shapes those culturally diverse thousands who left their homes to work there. To understand the creation of such a startling place, Frederick Errington and Deborah Gewertz explore the perspectives of

Where To Download

the diverse participants that had a hand in its creation. In examining these views, they also consider those of Yali, a local Papua New Guinean political leader. Significantly, Yali features not only in the story of RSL, but also in Jared

Where To Download

encompasses the full range of the contemporary field of linguistics, including historical, comparative, formal, mathematical, functional, and philosophical linguistics with special attention given to interrelations

Where To Download

within branches of linguistics and to relations of linguistics with other disciplines.

Areas of intersection with the social and behavioral sciences --ethnolinguistics, sociolinguistics, psycholinguistics, and behavioral linguistics--receive

Where To Download

major coverage, along with interdisciplinary work in language and literature, mathematical linguistics, computational linguistics, and applied linguistics. Longer entries in the International Encyclopedia of Linguistics, ranging

Where To Download

Up to four thousand words, survey the major fields of study--for example, anthropological linguistics, history of linguistics, semantics, and phonetics. Shorter entries treat specific topics within these fields, such as code switching, sound

Where To Download

symbolism, and syntactic features. Other short entries define and discuss technical terms used within the various subfields or provide sketches of the careers of important scholars in the history of linguistics, such as Leonard Bloomfield, Roman

This work explores the tension in East Asia between the trend towards a convergence of legal practices in the direction of a universal model and a reassertion of local cultural practices. The trend towards

Where To Download

convergence arises in part from 'globalisation', from 'rule of law programs' promulgated by institutions such as the International Monetary Fund and the Asian Development Bank, and from widespread migration in the

region, whilst the
opposing trend
arises in part from
moves to resist
such 'globalisation'.
This book explores
