~~Nevada (Binnie novel) - Wikipedia~~
Nevada tells the story of two very gender confused individuals: 29 year old Maria who is in a permanent state of transitioning, still has her 'junk' and has just split up with her long-term girlfriend, and teenage James who is perpetually embarrassed and horrified by the idea he might be autogynophelic (where a man is aroused by the idea of himself as a woman).

Review: Nevada by Imogen Binnie. When I decided to write a review for this blog, I probably could have chosen something more recent than a book in which a Fugazi CD leads to emotional revelations, people still use LiveJournal, and the main character says “The Facebook”. At the same time, though, Nevada by Imogen Binnie and the story of Maria Griffiths–a depressed punk transgender woman–is a perfect starting point for Trans Narrative.

Summer Managing Arts Editor. It’s the early 2010s in New York City, and Maria Griffiths, a trans woman in her late 20s and the protagonist of Imogen Binnie’s 2013 novel “Nevada,” is writing a blog post in an internet café. After recapping the strange few days she’s had, she turns to a speculative exercise:

Imogen Binnie and Nevada have helped me with that immensely. Side note: the actual road trip being missing seems to me like an analogy for the fact that Imogen Binnie intentionally leaves out any transition narrative/tropes (Maria has already arrived at living full time as a woman and James hasn't left yet).

Author: Courtney Gillette. April 2, 2013. In her debut novel Nevada (Topside Press), Imogen Binnie welds a fierce new voice in an expertly delivered narrative. Our heroine, Maria Griffiths, is a punk trans woman living in New York, tumbling through life with a fresh internal monologue of identity politics, knuckle tattoo ideas, jaded observations, and deliciously dark humor.

Imogen Binnie knows what she is talking about. Nevada is so many things that are so refreshing to see in queer literature. The obviously groundbreaking aspect of Binnie’s novel is that it’s a piece of fiction written by a trans woman, about trans women, with trans women as the intended audience.

Nevada was the first trans novel from Topside Press that started a revolution of trans lit, starring a fully human and thoroughly pissed-off trans woman not afraid to make the same kind of dubious decisions all great literary characters get to make. Imogen Binnie writes with such life that you can feel the blood pumping through every page.
