introducing the fourth generation Micra, Nissan decided that what the K12 needed was one final facelift. Cue the Micra K12C. Most regular Nissan Micras were given the 160 SR cosmetic treatment, but Nissan also added some much-needed technology updates, in the form of Bluetooth connectivity and reversing sensors. In 2007 Nissan started selling the ...

published by the Society of British Printing Ink Manufacturers in 1961 to fill the need for an authoritative textbook on printing technology, which would serve both as a training manual and a reliable reference book for everyday use. The book soon became established as a standard source of information on printing inks and reached its fourth edition by 1988. This, the fifth edition, is being published only five years later, so rapid has been the development in technology. The objective of the Printing Ink Manual remains unchanged. It is a practical handbook designed for use by everyone engaged in the printing ink industry and the associated industries. It provides all the information

required by the ink technical for the day-to-day formulation of printing inks. It supplies the factory manager with details of the latest equipment and manufacturing methods, including large-scale production, and gives guidance on achieving quality assessment and total quality management specifications. Care has been taken to maintain the value of the Manual for training both technical personnel and others who requiresome kn- ledge of inks. Readers with little scientific knowledge will not find dif- culty in using the Manual, but sufficient chemistry and physics have been included to provide an explanation of the underlying principles and theories governing the behaviour of inks for use by

the advanced te- nologist. Suppliers of raw materials, substrate manufacturers, printers and print users will find the book a valuable source of information.

Best-selling poet Sophie Hannah returns with a wonderful collection of poems that explore and celebrate strong feelings: love, hate, anger, hope - and which strip away the veils of hypocrisy and pretence from all aspects of everyday life. From relationships to the world of work, motherhood and marriage, Sophie Hannah tells it how it is in her own inimitable style. Funny and moving, these poems combine traditional form and rhyme with a contemporary take on modern life that

simultaneously raises a smile and provides thoughts to linger over. This collection also include A Woman's Life and Loves, eight poems set to music by the composer Gabriel Jackson that form a song cycle originally conceived as a contemporary and feminist response to the Schumann song cycle. Sophie Hannah's first book was greeted with amazement. The Poetry Review declared, 'Shall I put it in capitals? SOPHIE HANNAH IS A GENIUS.' Each subsequent collection has been formally more inventive, thematically more complex, yet each has met with a similar welcome, and she has become that rare thing, a popular and best-selling poet.

There are 15 million women drivers in the UK, yet so often they can feel at a disadvantage when it comes to dealing with the male-dominated motor industry. The solution has generally been seen as to call upon a male partner or family member for help. However, many women don't have a car-savvy bloke easily to hand - and would prefer to be more independent anyway. This is where *The Girls' Car Handbook* comes in. A vital reference book, it is packed with useful information designed to give women greater confidence when tackling every aspect of motoring from getting a good deal when buying a car, personal safety when driving, handling accidents and breakdowns, tips for greener motoring and much,
