Science Explorer: Life, Earth, and Physical Science is a comprehensive series that provides a balanced focus of Life, Earth, and Physical Science topics in each book.

This guide provides simple, pre-class activities and experiments to complement instructors' courses. Instructions and answers to most of the laboratory questions are provided in the Instructor Manual.

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version.

Books a la Carte also offer a great value—this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Opening the Doors of Science
