True or False? \* Always prepay your mortgage. \* The right 401(k) or IRA will completely cover your retirement. \* Defer your taxes and postpone the pain. \* True wealth doesn't last forever. They're All False! MISSED FORTUNE 101 ...is like no other money guide you've ever read. Its author, successful financial strategist Douglas R. Andrew, dares to question the conventional wisdom on personal finance that most people accept. He reveals the ways banks, credit unions, and insurance companies amass tremendous wealth-what they do, and what they don't do. He shows you how to seize financial opportunities you never knew existed. With MISSED FORTUNE 101 as your guide, you'll never view your house, your mortgage, your retirement plans, your investments, and your other assets the same way again. \* Put the lazy, idle dollars trapped in your home to work safely-and reap as much as an extra million. \* Discover hidden and perfectly legal tax breaks-and treat yourself to some surprising windfalls. \* Play the bankers' favorite game-borrow at one rate and invest at a higher one. \* Explore lesser-known retirement vehicles-and avoid falling into a higher tax bracket when you stop working. \* Turn your life insurance policy into an investment-and keep your taxes down and your capital up. \* Find out which low-return instruments should be in your portfolio today-and why they'll become high-return stars tomorrow. \* Reach your "freedom point"-your financial independence-long before "retirement age"! Learn the real rules of smart investing. Maximize your wealth with MISSED FORTUNE 101.

Named the best personal finance book on the market by Consumers Union, Jane Bryant Quinn's bestseller Making the Most of Your Money has been completely revised and updated to provide a guide to financial recovery, independence, and success in the new economy. Getting your financial life on track and keeping it there -- nothing is more important to your family and you. This proven, comprehensive guidebook steers you around the risks and helps you make smart and profitable decisions at every stage of your life. Are you single, married, or divorced? A parent with a paycheck or a parent at home? Getting your first job or well along in your career? Helping your kids in college or your parents in their older age? Planning for retirement? Already retired and worried about how to make your money last? You'll find ideas to help you build your financial security here. Jane Bryant Quinn answers more questions more completely than any other personal-finance author on the market today. You'll reach for this book again and again as your life changes and new financial decisions arise. Here are just a few of the important subjects she examines: • Setting priorities during and after a financial setback, and bouncing back • Getting the most out of a bank while avoiding fees • Credit card and debit card secrets that will save you money • Family matters -- talking money before marriage and mediating claims during divorce • Cutting the cost of student debt, and finding schools that will offer big "merit" scholarships to your child • The simplest ways of pulling yourself out of debt • Why it's so important to jump on the automatic-savings bandwagon • Buying a house, selling one, or trying to rent your home when buyers aren't around • Why credit scores are more important than ever, plus tips on keeping yours in the range most attractive to lenders • Investing made easy -- mutual funds that are tailor-made for your future retirement • What every investor needs to know about building wealth • How an "investment policy" helps you make wise decisions in any market • The essential tax-deferred retirement plans, from 401(k)s to Individual Retirement Accounts -- and how to manage them • How to invest in real estate at a bargain price (and how to spot something that looks like a bargain but isn't) • Eleven ways of keeping a steady income while you're retired, even after a stock market crash • Financial planning -- what it means, how you do it, and where to find good planners Page by page, Quinn leads you through the pros and cons of every decision, to help you make the choice that will suit you best. This is the single personal-finance book that no family should be without.

Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making

difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Every day, billions of photographs, news stories, songs, X-rays, TV shows, phone calls, and emails are being scattered around the world as sequences of zeroes and ones: bits. We can't escape this explosion of digital information and few of us want to-the benefits are too seductive. The technology has enabled unprecedented innovation, collaboration, entertainment, and democratic participation. But the same engineering marvels are shattering centuries-old assumptions about privacy, identity, free expression, and personal control as more and more details of our lives are captured as digital data. Can you control who sees all that personal information about you? Can email be truly confidential, when nothing seems to be private? Shouldn't the Internet be censored the way radio and TV are? is it really a federal crime to download music? When you use Google or Yahoo! to search for something, how do they decide which sites to show you? Do you still have free speech in the digital world? Do you have a voice in shaping government or corporate policies about any of this? Blown to Bits offers provocative answers to these questions and tells intriguing real-life stories. This book is a wake-up call To The human consequences of the digital explosion.
