A #1 NEW YORK TIMES BESTSELLER! Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California–Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In The Right Side of History, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in The Right Side of History, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good..

Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." ?Ann Coulter, best-selling author of High Crimes and Misdemeanors, Slander, and Treason "In Brainwashed, Shapiro tells the truth?that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." ?Michael Barone, U.S. News & World report and co-author of The Almanac of American Politics "Welcome to P.C. 101: In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndiated columnist and author of Invasion "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host

A NEW YORK TIMES BESTSELLER! A growing number of Americans want to tear down what it's taken us 250 years to build—and they'll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can't agree on what makes America special. We can't even agree that America is special. We're coming to the point that we can't even agree what the word America itself means. "Disintegrationists" say we're stronger together, but their assault on America's history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn's A People's History of the United States to the New York Times' 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie—a beautiful words pasted over a thoroughly rotted system. They see America's culture of rights as a facade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional "unionist" understanding that all Americans are united in a shared striving toward the perfection of universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future—our union—as a great country is threatened with destruction.

Synopsis coming soon.....

"Vitaly important, devastatingly thorough, and shockingly revealing... After reading Primetime Propaganda, you'll never watch TV the same way again." —Mark Levin Movie critic Michael Medved calls Ben Shapiro, "One of our most refreshing and insightful voices on the popular culture, as well as a conscience for his much-maligned generation." With Primetime Propaganda, the syndicated columnist and bestselling author of Brainwashed, Porn Generation, and Project President tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg's Bias and A Slobbering Love Affair did for the Liberal news machine, Shapiro's Primetime Propaganda is an essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.

A lot has changed since 2015, and Ben Shapiro has something to say about it. In this curated sequel to "Facts Don't Care About Your Feelings," Shapiro breaks down American politics from 2015 to today like you've never seen before. Review political dog fights and the Democrats' radicalism problem through a poignant lens. Analyze the novel coronavirus and its economic implications through a perspective too often stamped out by the mainstream media. Explore the absurdities of "anti-racism," "mostly peaceful" protests and other leftist attempts to rewrite America. And discover pieces of the American identity—unity, free speech, capitalism and so much more—we have lost in the mayhem.

#1 New York Times bestselling author Ben Shapiro lays out the seven most important decisions we'll ever make, and how to make them by acting accordance with virtue. Over the course of our lives we face pivotal decisions. But today, few feel they have the thoughtful guidance necessary to help them make good choices. We have become a values free, disconnected society in which anything goes, as long as we are "happy" to do as we please. But happiness and doing the right thing are not mutually exclusive, Ben Shapiro argues. In Solve Your Own Damn Problems, he provides a framework for making decisions informed by traditional notions of virtue and wisdom. Shapiro pushes back against the widely held belief that diligence to duty impedes our ability to achieve happiness. In fact, he makes clear, it's only when we embrace duty that we find happiness. Success without happiness is hollow. Shapiro reminds us, and we cannot find happiness if we stop striving for virtue and honor. Right now, the West is facing a meaning crisis, and it's up to each of us to rediscover the traditional values which our institutions no longer teach. Shapiro considers seven challenging scenarios and offers a clear path for how to evaluate and act for each. Instead of going through the motions of school and work, readers should use their mind and moral compass to think through possibilities and ultimately reach conclusions that will lead to happier, more enriched lives. Solve Your Own Damn Problems reveals that good decision-making and a good life--finding personal satisfaction and meaning--rests on a foundation of responsibility and obligation. By making this central to our lives we can we can begin to address and abate the malaise that has created our meaningless, atomized culture.

PLEASE NOTE: This is a summary and analysis of the book and not the original book. If you'd like to purchase the original book, please paste this link in your browser: https://amzn.to/2UY8ex5 Author and culture critic Ben Shapiro tells in no uncertain terms how Americans are ruining their nation by forsaking the values and virtues that their Founding Fathers believed in. If the people don't stop being angry and ungrateful at the country that has offered them so much, then the struggle for America's soul will be lost forever. What does this ZIP Reads Summary Include? - Synopsis of the original book - Key takeaways from each chapter - How the decline of the West began - What we must do to save America. - Editorial Review - Background on Ben Shapiro About the Original Book: Despite all that America has to offer, most people in the USA are terribly ungrateful and have forgotten just how great their nation is. This is the major argument that Ben Shapiro makes in his thought-provoking book, The Right Side of History. Advancements in technology, freedoms, and wealth; these are all part of American society today. But Shapiro claims that Americans are throwing it all away thanks to a leftist agenda to destroy the values that this great nation was built upon. This has led to mental illness, drugs, mindless consumerism, conspiracy theories, political divisions, and loss of trust in institutions. So how did America get this way and how can it be restored? This is the question Shapiro seeks to answer. DISCLAIMER: This book is intended as a companion to, not a replacement for,The Right Side of History. How to Destroy America in Three Easy Steps is a book that argues America is lost. Americans cannot agree on what makes America special. In fact, Americans cannot even accept that America is special. A large part of this book is based on the idea of disintegrationists. These people view America as a society of competing oppressions. Ben Shapiro disagrees with these people and believes they are attacking the values upon which America was built. Ben then argues how America can become a cohesive nation again. Plus, he provides a warning of the destruction awaiting us if we don't recover America's union. ABOUT BEN SHAPIRO Ben Shapiro is a conservative political commentator, media host, and attorney. At the age of 17, he became the youngest nationally syndicated journalist in America. He is the editor-in-chief of The Daily Wire and hosts a daily political podcast called The Ben Shapiro Show. "All that will be left are polarized groups, seeking their own interests." - Ben Shapiro.DISCLAIMER: This book is a SUMMARY. It is meant to be a companion, not a replacement, to the original book.
