Meet the man behind the board games: Milton Bradley. Born in Maine in 1836, Milton Bradley moved with his family to the working-class city of Lowell, Massachusetts, at age 11. His early life consisted of several highs and lows, from graduating high school and attending Harvard to getting laid off and losing his first wife. These experiences gave Bradley the idea for his first board game: The Checkered Game of Life. He produced and sold Life across the country and it quickly became a national sensation. Working with his company, the Milton Bradley Company, he continued to produce board games, crayons, and kid-friendly school supplies for the rest of his life. He is often credited as the father of board games, and the Milton Bradley Company has created Battleship, Jenga, Yahtzee, Trouble, and many more classic games.

No more dice to lose, and it can go anywhere: everybody’s a winner with this addictive new book! Just as with Hasbro’s real YAHTZEE game, players get to "roll” five dice three times to find their highest score. But instead of throwing actual dice, they scratch them off the page, lottery-style--and keep only the dice they want as they go for better combinations with their remaining rolls. With multiple copies of the book, readers can stage head-to-head competitions. And for extra fun, players can compare their score with the author’s, with the score obtained using perfect strategy, and with the best possible score you could get if you had x-ray vision. - Hasbro’s popular game meets our own best-selling Scratch & Solve series for assured success - Today, more than 50 million YAHTZEE games are sold annually - Written by one of the most esteemed puzzle creators around, a championship winner and bestselling author whose work has appeared in America’s top newspapers - This easy-to-play and portable version of YAHTZEE can go anywhere, and be enjoyed solo: it’s perfect for trips, commutes, or whenever there are a few minutes to spare
